

Color Ray 3x3

Waterproof IP65

The DecaLED® Color Ray 3x3 is a surface-mounted, multicoloured spotlight for lighting façades, walls and pillars. The DecaLED® Color Ray 3x3 is adjustable and is therefore suitable for both indoor and outdoor use.

The DecaLED® Color Ray 3x3 comprises three 3 Watt Luxeon K2 LEDs, which are integrated into a black, coated and waterproof (IP65) housing. The Color Ray 3x3 comprises 3 RGB LEDs with a 15° lens. The DecaLED® Color Ray 3x3 has a power consumption of 10 Watts on a supply voltage of 24VDC and requires a direct DMX signal. The DecaLED® Ray Power has been specially developed for such applications, however a separate power supply and DMX signal will also suffice for small installations. In total, a maximum of 5 DecaLED® Color Ray 3x3 spots can be connected to each of the 4 outputs on the DecaLED® Ray Power. In the event that a separate power supply is used, a maximum of 7 units may be linked together, depending on its capacity.

Various accessories are available for the DecaLED® Color Ray 3x3, including IP68 link cables, connecting cables and end caps with an integrated 120Ω terminator.

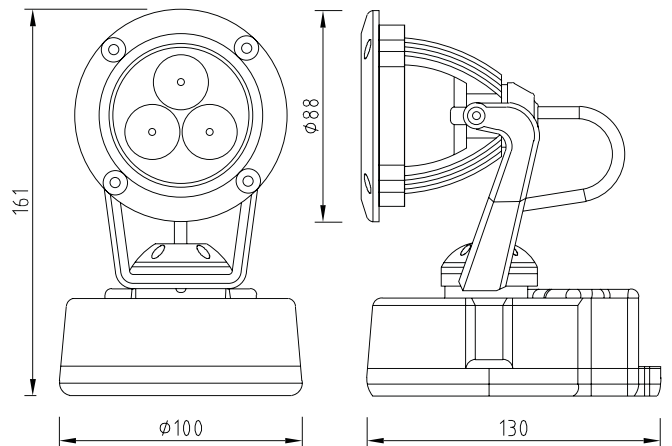

DecaLED® Color Ray 3x3	
Product specification	
Code	95520259
Description	DecaLED® Color Ray 3x3W
Price	See pricelist
Voltage	24VDC
Current	700mA
Power consumption	10W
Max. chainable	8
Current at max. chain	5.6A
Power consumption at max. chain	80W
Control	DecaLED® Ray Power
Max. per controller	15
Max. per output	5
LED properties	3W Luxeon LEDs
Beam angle	16°
Dimensions	100 x 130 x 161 mm
Weight	900g
Info	3x3W RGB, 3x3W Single colour on request
