The DecaLED® Color Wash 36 is a popular, waterproof (IP65), multicoloured fitting, which is ideal for lighting architectural projects such as buildings, objects or rooms.

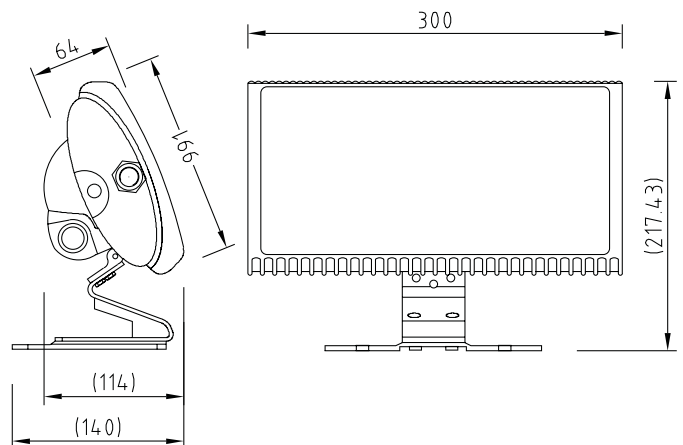

The DecaLED® Color Wash 36 is equipped with an IP65 rated, robust housing. The 36 Luxeon 1W LEDs are equipped with lenses with a beam angle of 23°. The DecaLED® Color Wash 36 is equipped with a 230VAC power point, as a result of which you can link a maximum of 20 units together before a new DMX signal and power supply are required. The DecaLED® Color Wash 36 has a power consumption of 40W per unit.

Various accessories are available for the DecaLED® Color Wash 36, including the DecaLED® Color Wash/Bar Connection box, IP65 link cables of 1, 2 and 5 metres, terminators and the DecaLED® Setup Tool. An open-ended 3 metre starter cable is included in the packaging.

The standard version of the DecaLED® Color Wash 36 is the RGB version. Cool white and warm white versions can be produced upon request.
