

High Power DMX Controller TV

The DecaLED® High Power DMX Controller TV offers a solution for controlling all dimmable 1 Watt Power LED products. The DecaLED® High Power DMX Controller TV is also ideally suited to use in TV studios, as it causes no interference to cameras.

The DecaLED® High Power DMX Controller TV is a robust, professional LED controller, which can be used to control LED products equipped with 1W LEDs. The DecaLED® High Power DMX Controller TV can be loaded with a maximum of 108 1W PowerLEDs (350mA), with a maximum of 18 per output. The controller measures 285 x 176 x 67 mm (l x w x h) and must be connected to a supply voltage of 230VAC.

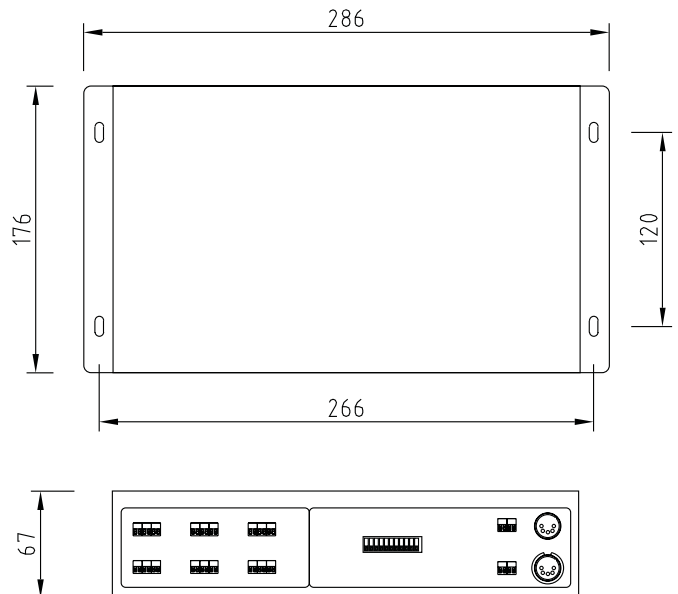

The DecaLED® High Power DMX Controller TV is equipped with DIP switches on the front of the housing, which make it easy to recall a number of standard programs or colours from the memory. You can of course also control the High Power DMX Controller TV via DMX. For a professional connection of the DMX signal there are 6 different lengths of XLR cabling available.

In addition to the DecaLED® High Power DMX Controller TV, we also offer various controllers for 12VDC and 24VDC products. You can find these products on pages 103 to 113 inclusive.

DecaLED® High Power DMX Controller TV	
Product specification	
Code	95312351
Description	DecaLED® High Power DMX Controller TV
Price	See pricelist
Voltage	110/120V AC or 220/240V AC
Current	0.9A at 230V AC / 1.7A at 110VAC
Power consumption	150W
Control	DMX512 / LagoLED® Fader Panel
LED properties	For all 350 mA (1W) LED products
Dimensions	286x176x67 mm
Weight	2300g
Info	6 pcs 1W LEDs per output + & - Supplied with Remote Control and IR eye
