

Profile

The LagoLED® Profile is the standard profile applied for LagoLED® RGB Strips, LagoLED® DMX-i RGB Strips, LagoLED® DEKO Panels and LagoLED® DMX-i DEKO Panels.

The LagoLED® Profile is supplied as standard in lengths of 6 metres and, at the customer's request, can be manufactured to size for an additional cost. The Neon Line insert is available in lengths of 2 metres and fits easily into the profile. Both opal and transparent Neon Line inserts are available.

Various accessories are available for the LagoLED® Profile, such as fastening clamps for trussing, connectors for XLR-4 (DMX-i) and XLR-6 (standard for RGB strips) and 90° corner pieces for constructing right angles.

The LagoLED® Profile is also available with a black coating. Please ask your contact person for further information.

A demo set of this product is available. Please see page 123 for further information.

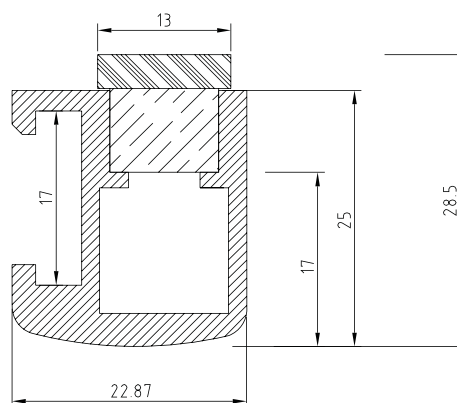

LagoLED® Profile

Product specification

Code	95780500
Description	LagoLED® Frame aluminium profile for strips p/m
Price	See pricelist
LED properties	For use with LagoLED® strips
Dimensions	25 x 23 x variable mm
Info	Various accessories available
